Advice on developing and publishing your school's behaviour policy is available.		

## Pupil premium

You must publish details of how your school spends its <u>pupil premium funding</u> and the effect this has had on the attainment of the pupils who attract the funding.

- your pupil premium allocation for the current academic year
- details of how you intend to spend your allocation
- details of how you spent your previous academic year's allocation
- how it made a difference to the attainment of disadvantaged pupils

NB The funding is allocated for each financial year, but the information you publish online should refer to the academic year, as this is how parents and the general public understand the school year. As allocations will not be known for the latter part of the academic year (April to July), you should report on the funding up to the end of the financial year and update it when you have all the figures.

## Year 7 literacy and numeracy catch-up premium

If your school receives <u>year 7 literacy and numeracy catch-up premium funding</u>, you must publish details of how your school spends this funding and the effect this has had on the attainment of the pupils who attract it.

- your year 7 literacy and numeracy catch-up premium allocation for the current academic year
- details of how you intend to spend your allocation
- details of how you spent your previous academic year's allocation
- how it made a difference to the attainment of the pupils who attract the funding

## PE and sport premium for primary schools

If your school receives <u>PE and sport premium funding</u>, you must publish details of how your school spends this funding and the effect it has had on pupils' PE and sport participation and attainment.

- · your PE and sport premium allocation for the current academic year
- details of how you intend to spend your allocation
- details of how you spent your previous academic year's allocation
- how it made a difference to the PE and sport participation and attainment of the pupils who attract the funding

## Special educational needs (SEN) report

If your school is a maintained school, then your governing body must publish a report on the school's policy for pupils with SEN.

The report must comply with:

- section 69(2) of the Children and Families Act 2014
- <u>regulation 51</u> and <u>schedule 1 of the Special Educational Needs and Disability</u> Regulations 2014

The report must include details of:

- your school's admission arrangements for pupils with SEN or disabilities
- the steps you have taken to prevent pupils with SEN from being treated less favourably than other pupils
- · access facilities for pupils with SEN
- the accessibility plan your governing body has written in compliance with paragraph 3 of schedule 10 to the Equality Act 2010

## Charging and remissions policies

The policies must include details of:

- the activities or cases for which your school will charge pupils' parents
- the circumstances where your school will make an exception on a payment you would normally expect to receive under your charging policy
